

STATEMENT

I'm a well-organised person, problem solver and with high attention to detail. I like to code things from scratch and enjoy bringing ideas to life in the browser. I am specialized in HTML and CSS (and derived frameworks) but I also manage to work in front-end frameworks. I love playing with colors and to develop pixel-perfect websites and apps. I spend my time watching movies and I live to travel.

LAURENTIU CUCIUREANU

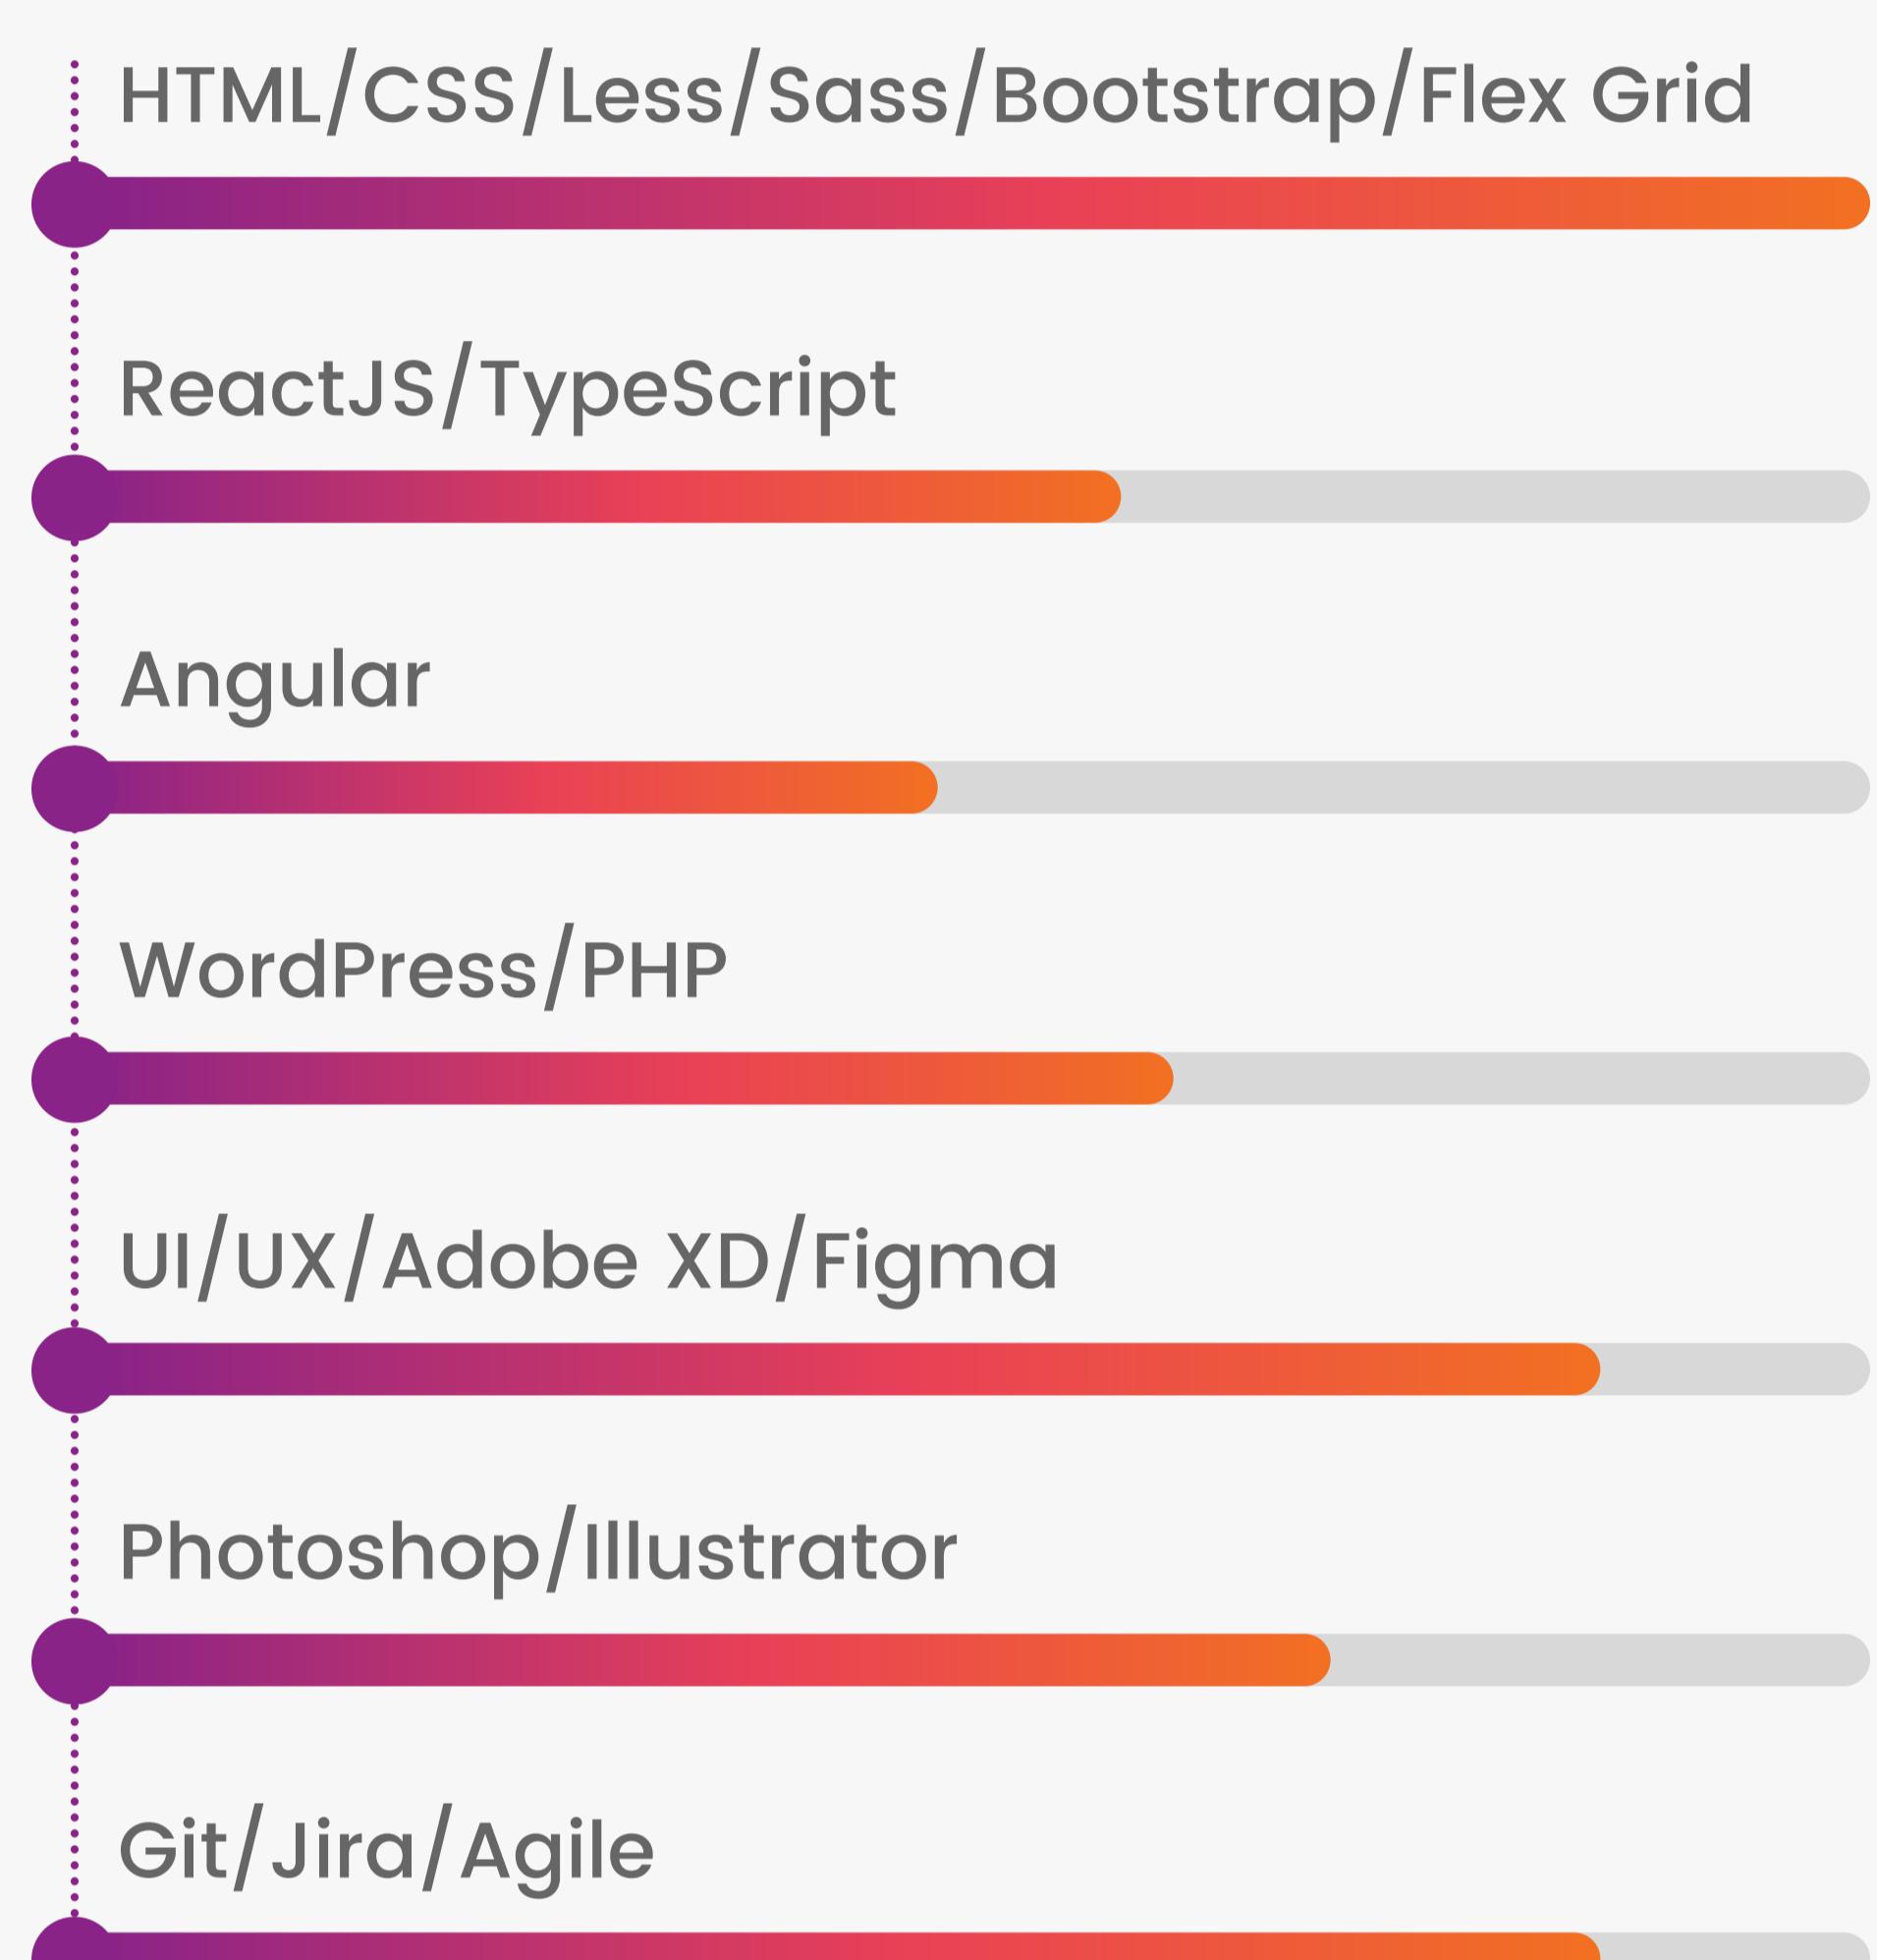

UI DESIGNER & DEVELOPER
